GOOD NEWS AHEAD.

This Declaration Was Made at London, but Not Carried Out.

IT MAY COME YET.

The Good News Referred to Was That Cronje Was Surrounded—Train Leave Cape Town for Kimberley With Supplies.

London, Feb. 20.—Whatever good news may have been received from the front it is carefully guarded. In spite of the queen's announcement to the Fourth battalion of Lincolnshire militia, prior to her departure from the Osborn House to the Windsor, that good news had been received from the seat of war, the officials solemnly averred they had received no news up to 1:30 o'clock this afternoon.

Unofficially it is rumored that Kitchenor has brought Cronje to a standstill and engaged him, and it is added, the war office is now only awaiting the result of the battle. This, however, though plausible, may be premature. In any case the confident hope that Cronje has been cut off from Bloemfontein continues to prevail in London, and especially in view of the detailed dispatches saying the Free Staters when they saw the extent of the British forces were in favor of surrendering.

The first train to Kimberley left Cape Town Monday night and the neighborhood of the famous siege thoroughly cleared of Boers.

Buller, apparently, is contenting himself with shelling the Boers from his newly gained position at Monto Christo, which, according to good opinion, is likely to form a base for another attempt to relieve Ladysmith.

A dispatch from Pietermaritzburg, dated Monday, says all is quiet in Zululand, and the Boers main bodies are reported to be retiring upon Dundee and Helpmakaar, leaving small forces and two pieces of artillery at each magistracy.

According to a special dispatch from Tarkastadt a refugee arrived there says the Boers are 6000 strong at Stormberg, but at Bagersdorp they have only a small town guard.

ALL KIMBERLEY REJOICED.

How French's Men Were Received by the People in the Town.

Modder River, Feb. 20.—Although the rapid march of French's division was marked by a number of conflicts, his actually entry into Kimberley was unopposed. When the British were still eight miles off, the signalling corps intercepted a heliograph message from the beleaguered garrison to Modder river saying: "The Boers are shelling the town." The advancing column replied: "This is French coming to relieve Kimberley." The garrison was incredulous and thought the message was a Boer ruse, and flashed the query: "What regiment are you?" The reply satisfied the defenders of Kimberley who anxiously awaited the succor at hand.

A few hours later French, at the head of his column, made a triumphant entry into the place, the people surrounding the troops and intermingling with them, cheering wildly, grasping the soldiers' hands, waving flags, hats and handkerchiefs and exhibiting in hundreds of ways the intensity of their joy. The inhabitants had been on short rations some time, eating horseflesh and living in burrows under heaps of mine refuse. Diminishing rations were served out daily, under the shell fire of the enemy, whose guns opened whenever the inhabitants assembled. No horse food was left. Throughout the siege Cecil Rhodes has provided the natives with work and food and the public kept them quiet.

The miles of convoy bearing provisions for the relief of the column and town and slowly winding its way across the plain in the direction of Kimberley, was the gladdest sight which greeted the eyes of the besieged for four months. French's march was so rapid and the heat so intense, that many of his horses died of exhaustion.

At the crossing of Modder river the Boers bolted leaving tents, guns, oxen, wagons and large quantities of ammunition in the hands of the British. Moving northward, the Boers again attempted to stem the advance, but French turned their flank and reached the goal with insignificant losses.

After a night's rest at Kimberley, French's column pursued the Boers to Bont veldt, surrounded the kopjes on which they were posted, and shelled them until nightfall, when the Boers fled leaving many dead. Cronje left a gun in his tent, also food and clothes at Magersfontein.

Boer Line Broken.

Chieveley, Feb. 20.—The Boers line of fortresses is broken. The British

have achieved a decided success in capturing the enemy's position on Monto Christo. The Boers, however, effected a retreat, reversing the guns and convoy wagons. The British had comparatively few casualties.

Deny the Report.

London, Feb. 20.—Officials of the British foreign office deny the reports that the Brazilian minister here has protested against a British raid in the Amazonas territory. They add that nothing is known here of any such raid.

CAN GET THE NEWS.

Decision Rendered Against the Associated Press in Illinois.

Springfield, Ill., Feb. 20.—In the appeal of the Inter-Ocean Publishing company against the Associated Press the supreme court rendered an opinion reversing the decree entered by the Cook county circuit court and the appellate court for the First district, and remanding the cause to the circuit court with directions to enter a decree as prayed for in the original bill as filed by the Inter-Ocean Publishing company to restrain the Associated Press suspending or expelling the petitioner from its membership and from refusing to furnish it news according to its contract.

The opinion, written by Justice Phillips, holds that the manner in which the corporation has used its franchise has changed its business with a public interest. It has devoted its property to a public use and has in effect granted to the public interest in its use that it must submit to be controlled by the public for the common good to the extent of the interest it has thus created in the public and in private property. The sole purpose for which news was gathered, was that the same should be sold and all newspaper publishers desiring to purchase the same without discrimination against them.

SPLIT AND WALKOUT.

Populist National Committee Disagree and Some Leave the Hall.

Lincoln, Neb., Feb. 20.—A split and a walkout followed a turbulent meeting of the Populist national committee last night, the antifusion leaders, after having a number of their followers turned down by the credentials committee, organizing a bolt and forming a new committee. The members favorable to fusion after adopting the report of the credentials committee adjourned until today, when, in all likelihood, it will empower the chairman or a committee of three to call the national convention for the same city and at the same time the Democratic convention is held.

SUSPECTS REMOVED.

Whittaker and Sutton Taken from Louisville to Frankfort.

Louisville, Feb. 20.—Harlan Whittaker and James Sutton, suspected of connection with the assassination of Governor Goebel, have been taken to Frankfort. They were handcuffed and

HARLAN WHITTAKER.

shackled together. Sutton seemed undisturbed over the removal to Frankfort, but Whittaker betrayed anxiety and expressed apprehension that he would not be given protection by the officers there.

Mississippi Bank Fails.

Memphis, Feb. 20.—The Bank of Commerce of Memphis, has received notice of the suspension of the Bank of Friars Point, at Friars Point, Coahoma county, Mississippi. The Bank of Commerce was the Memphis correspondent of the Friars Point bank, and while the suspension was a surprise, the Memphis bank loses nothing by the failure, as it is amply secured.

Postoffice Robbed.

Dallas, Tex., Feb. 20.—The postoffice at Orphans Home was robbed Sunday night and cash and checks to the amount of \$250 were taken. The robbers secured about \$160 in cash and two registered letters. Officers are working on the case.

Fruit in Good Shape.

Denison, Tex., Feb. 20.—Those who have examined the fruit trees in this section say they find that fruit is still in good shape, and with a little more cold weather to hold the buds back it is safe to say there will be a good fruit crop this year.

TEXAS LEGISLATURE.

The House Gets into a Wrangle on the Tax Bill.

BACK AT BEGINNING.

Prospects Are Exceedingly Slim for the Passage of the Bill—Senate Disposes of Several Measures on the Calendar.

Austin, Feb. 20.—There is but little hope now of the tax bill ever getting through the legislature at this extra session or even at another, should one be called.

All the progress made was killed yesterday in the house and the legislature stopped just where it started at the beginning of the session.

All the morning and a large part of the afternoon session was taken up in discussing the land bill which was passed to engrossment, after having eliminated from it the section authorizing the issuance of patents to purchasers who had bought from the original grantees prior to the institution of proceedings by the state to recover the lands, provided they had paid full value for the land and were ignorant of defect in the title.

An amendment to suspend the constitutional rule and pass the land bill finally failed and it went over to take its regular course, making way for the tax bill, which was put before the house with Representative Prince's motion to reconsider the vote adopting the chapter on taxation of banks as the pending question.

This vote was reconsidered and the Prince amendment which requires shares of stock to be assessed at the market value was adopted by a vote of 75 to 25.

As soon as the speaker announced chapter 9, relating to the duties of the tax assessor as the next for consideration, Mr. Garner sent up and had read a resolution rescinding the plan adopted several days ago to proceed with the bill, chapter by chapter, and take up and consider the bill as a whole.

This brought on a debate that was warm and members of the house worked up.

The house voted to rescind the chapter by chapter programme, but voted down by 55 to 50 the proposition to take the bill up as a whole.

In the presence of the house, Speaker Sherrill signed the concurrent resolution preventing the erection at the capitol gate of the John B. Hood camp monument to Confederate veterans. Senate bill appropriating money for erection of a branch asylum for the care of epileptic insane. Senate double-header bill, and senate bill amending the charter of the city of Dallas.

The senate considered the house bill providing a uniform method of electing school trustees in independent school districts.

There were a number of amendments adopted and the bill passed under suspension of rules.

Mr. Grinnam secured consideration of his bill amending article 418, Revised Statutes, so as to submit to a vote of the taxpayers of any city or town the proposition to lease or sell the waterworks system belonging to said municipality. Passed by two-thirds vote.

Mr. Wayland's bill making the tenure of office two years of the members of the board of directors of Agricultural and Mechanical College, passed finally.

The towns and city corporation committee reported favorably the house bill amending the San Antonio city charter. All rules were suspended and the bill passed finally.

To Be Sold at Auction.

Dallas, Feb. 20.—In the case of W. H. Gaston et al. vs. Texas State Fair and Dallas Exposition association Judge J. J. Eckford of the Forty-fourth district court has issued an order directing the trustees, John H. Gaston, to sell at auction on the first Tuesday in April at the courthouse door to the highest bidder and for the benefit of bondholders and creditors all the property of the association. Bids for less than \$50,000 will not be received.

Trolley Accident.

Atlanta, Feb. 20.—A trolley car on the Collins Park and Belt Line became unmanageable on a steep grade and jumped the track, snapped a large light pole and dashed into a stone wall on a curve at the foot of the grade. Motorman Green, Conductor Nash, Policeman Barrett and B. F. Freeman were injured, the motorman seriously. It was found necessary to remove a portion of the stone wall before the motorman could be released.

Mormon Presidents Confer.

Chattanooga, Feb. 20.—A conference of the Mormon presidents of the state conferences for the states of Ohio, Kentucky, Tennessee, Mississippi, Louisiana, Georgia, Alabama and several other southern states, was concluded in this city Monday. Seventy delegates were in attendance. The business transacted was in relation to the missionary work in these states.

Large Reward Offered.

Orange, Tex., Feb. 20.—Acting Mayor B. H. Norsworthy has been authorized by citizens to offer a reward of \$1000 for evidence that will lead to the arrest and conviction of the party or parties who attempted the assassination of George A. Tate on the night of Feb. 16.

MACRUM'S CHARGES.

He Says He Has Sufficient Proof to Substantiate His Assertions.

Washington, Feb. 20.—Charles E. Macrum, late consul at Pretoria, furnishes proof of his charge that United States official mail was opened by the British censor. Mr. Macrum has several envelopes each bearing the British sticker after it had been opened by the censor.

He has an envelope which contained mail matter from Consul General Stowe at Cape Town. It is the regulation blue of the consular service. It bears upon its face the legend "United States Consular Service" and a stamp "Mail Suspended." On the reverse side is the United States government seal impressed upon the red sealing wax of the consular service. The British sticker, resealing the letter after it had been opened, bears the potential initials "V. R." the initials of the clerk who opened the letter and the name of the place where it was opened.

This letter was mailed at Cape Town, Oct. 4 by Consul General Stowe. It was held there one month, apparently, for the next postmark is that of Durban, Nov. 4, from Durban it was sent to Pretoria and reached Mr. Macrum in its mutilated form.

The circulars to consuls issued by the department, not in themselves important, but nevertheless "official mail," never reached Mr. Macrum. They were confiscated without apology or explanation by the British censor. As for Mr. Macrum's personal mail, he never heard of it.

The British authorities are familiar with the American consular code. On Nov. 8 Mr. Macrum sent a cablegram in code to the state department urgently requesting that he be permitted to come home. Usually cablegrams, because of the difference in time between South Africa and this country, consume two days in transmission, that is to say, the cable sent by Mr. Macrum on Nov. 8 would normally have been received by the state department on Nov. 10. But on Nov. 9, before the cablegram was received by the state department certainly, and before it was sent from South Africa probably, the British papers in Natal, hundreds of miles away, announced in impressive type that Mr. Macrum, the American consul at Pretoria, desired to be permitted to go home.

AN INVESTIGATION.

Arthur's Complaint Will Be Looked into by the Government.

Washington, Feb. 20.—It is understood that an investigation will be made by a court of inquiry into complaints made by Major William H. Arthur, surgeon in charge of the hospital ship Misagoon in charge of the officers on duty on the transport. This investigation may settle the responsibilities for the deaths of 19 soldiers during the voyage from Manila to San Francisco.

The specific character of the charges made by Major Arthur can not be learned, but it is understood that the relations between the officers, were not pleasant, and Dr. Arthur thinks that in the interest of efficiency it would be desirable to take action.

No report that the Missouri is unseaworthy has been received by the department. This vessel was run without expense to the government by the firm which owned her, and was purchased by the government last spring for \$200,000.

A board of survey has inspected the Missouri at San Francisco and found that many repairs are needed. It will probably be nearly two months before the vessel is ready for sea.

Resorting to Sailing.

Durban, Feb. 20.—While Buller is continuing a movement on the extreme right and made every disposition for the defense of his position to the left the defense of the Tugela by maintaining there a force adequate for that purpose, isolated parties of Boers some times cross the river. There is much sniping.

Cyclist Sued for Damages.

Wabash, Ind., Feb. 20.—Mrs. Terence Devine of Miami county has filed suit for \$5000 damages against Bernie Redmon of South Peru for injuries sustained last summer by being knocked down and run over by Redmon, who was riding a bicycle. She suffered the fracture of an arm and is permanently crippled.

Sensational Shooting.

Houston, Feb. 20.—There was a sensational shooting in a resort on Texas avenue Monday night. Joe Wilkinson, a railroad switchman, who resides in Galveston, shot his wife seriously whom he found there. It is believed the woman will recover. The main is in jail.

Copyright Injunction Denied.

Chicago, Feb. 20.—Judge Seaman, of the United States district court, issued an order denying the injunction prayed for by the Chicago Tribune against the Associated Press. This grew out of an alleged infringement of copyright.

Gilbert Won.

Hot Springs, Ark., Feb. 20.—The contest here between Fred Gilbert and J. A. R. Elliott, at 150 birds each for the E. C. cup and the world's championship as a target shot, resulted in Gilbert's favor.

House Debates on the Tariff Bill for the Island of Puerto Rico.

Washington, Feb. 20.—It is agreed that the debate upon the Puerto Rican tariff bill, although it applies only to Puerto Rico, involving as it does the question of the power to govern our new possessions outside the limitations of the constitution, is the most important measure which will come before congress. Interest in the bill is intense among the members on both sides and there is urgent demand for time.

The Democrats are solidly arrayed against the measure and they will have support from the Republican side in Mr. McCall of Massachusetts and Mr. Littlefield of Maine, both able and forceful debaters. How far the Republican disaffection will extend or whether it endangers the bill it is impossible to say at this time.

Mr. Payne, the floor leader of the majority, refused to agree that a vote should be taken upon a substitute to be offered by the minority. This substitute, which has not yet been framed, will be in substance the bill originally introduced by Mr. Payne providing for free trade with Puerto Rico by the extension of the customs and revenue laws of the United States over the island.

The debate Monday lacked exciting features. It was in the nature of a long range bombardment before the clash of the contending forces in battle. Dr. Payne opened with a general argument in support of the bill, going largely into the material side of the situation which the bill is designed to relieve Mr. Richardson, the Democratic leader, joined issue upon the power of congress to enact the proposed legislation and Mr. Dalzell of Pennsylvania, backed up Mr. Payne with a constitutional and legal argument. All of these were listened to with close attention.

Washington, Feb. 20.—Before the debate upon the Puerto Rican tariff bill was resumed today Mr. Hepburn of Iowa attempted to secure an agreement to take up the Nicaragua canal bill. He asked unanimous consent that it be taken up in two weeks.

Mr. Richardson asked if there was anything in the bill which recognized the existence of the Clayton-Bulwer treaty.

"There is not," replied Mr. Hepburn. "The bill provides for absolute ownership."

Mr. Cannon of Illinois, chairman of the appropriation committee, said he was not prepared to agree at this time to the consideration of the bill.

"There is no objection on this side," observed Mr. Richardson.

Mr. Hepburn offered to make the date a week off, but Mr. Cannon still dissented.

The house then went into committee of the whole, and Mr. Newlands of Nevada took the floor in opposition to the Puerto Rican bill.

THE CONSTITUTION.

Senate Discusses If It Can Apply to Certain Sections Only.

Washington, Feb. 20.—A simple resolution of inquiry, introduced in the senate Monday by Mr. Hale of Maine, precipitated an hour's constitutional debate by some of the ablest constitutional lawyers in the body on the authority of congress at its pleasure, to extend or withhold the constitution to territory acquired by the United States. The bill providing a government for Hawaii was under consideration most of the afternoon. Mr. Culom, who is in charge of the measure, explained in details, its provisions.

On convening the senate passed a bill for the relief of claimants having cases pending against the United States in the circuit and district courts affected by an act of 1898.

Mr. Hale offered a resolution which, after a long debate, was adopted, calling upon the commissioners of the District of Columbia for information as to why the law of congress relating to telephone charges had not been enforced and practically inoperative.

This brought on the debate as to whether the constitution could be put in force in some sections and withheld in others, and consequently brought in extension to the new possessions added as a result of the Spanish war.

A sharp discussion arose over the right of congress to establish in a territory a constitutional court of the United States.

No conclusion was reached.

Macrum's Charges.

Washington, Feb. 20.—The house adopted the Wheeler resolution calling upon the secretary of state for information of the charges concerning Macrum, consul to Pretoria, and took up for discussion the Puerto Rico tariff bill.

Cut His Throat.

Springfield, Mo., Feb. 20.—J. M. Davidson, who registered from Glasgow, Ky. in this city, Feb. 7, committed suicide Monday morning by cutting his throat with a razor. Nothing is known of his business or family relations. He never talked of his past and seemed despondent. He was hard of hearing dark complexioned, medium height and appeared to be about 50 years old. He arranged a washbowl in such a manner as to catch the blood, and not a drop was found on the floor.

William Wickes Dead.

New York, Feb. 20.—William Wickes is dead at his home in Brooklyn, aged 80 years. He was a pioneer in the shipment of refrigerated goods, and sent to England the first consignment of dressed meat.

DR. F. J. ANDERSON, OPTICIAN

OF DALLAS, NOW AT OFFICE OF DR. J. L. FOUNTAIN, BRYAN.

Dr. F. J. Anderson, graduate of the London school of Optics and now located at 215 Main street, Dallas, Texas, may be found at the office of Dr. Fountain from February 14, until February 24, inclusive. In view of the fact that I am a stranger amongst you and that I intend including Bryan in my circuit and visiting your town periodically, it is only right that I give the names of some of the people who recommend me:

DR. COOK, Mexia—"I have known Dr. Anderson for a long time as an expert optician who is thoroughly up-to-date in every particular. As a man I know nothing against him and know much in his favor. I heartily recommend him."

DR. OATES, Mexia, Texas—"I indorse him all over."

DR. CARRUTH—"I cheerfully recommend him to those needing his service."

DR. HOOPER—"I have known him for years. He understands his work."

THE REV. FRILEY—"Tell the people I recommend you. I wish you well."

DR. DAVID—"I know Dr. Anderson to be a conscientious gentleman. If he cannot do you any good he will tell you so."

I mention the people of the above town because Mexia is the nearest place to Bryan that I have ever visited.

My specialty is the fitting of glasses to all defects of vision, including the following:

1. Inability to read fine print, or to sew, or do any fine work for any length of time, especially by gas or lamp light.
2. Smarting or burning sensation in the eyes.
3. The eyes ache or water, or everything "swims" or becomes "dim" when attempting to use them for a short time.
4. Redness or inflammation of the eyes and lids; there may be only a dull ache or sense of discomfort in or about the eyes.
5. In some cases there is pain in the eyeballs, temple and forehead, also severe periodical headache, often attributed to neuralgia, accompanied frequently by nausea and general nervous and physical prostration.
6. Squinting of the eyes in the effort to see more clearly.
7. A frowning expression brought about by an involuntary effort of the muscles to overcome a defect of the refractive media.

Glasses ground to overcome all errors of refraction.

With Dr. J. L. Fountain until the 24th of this month.

WILL MEET IN MAY.

Populists Decide to Hold Their Convention in That Month.

Lincoln, Neb., Feb. 20.—The Populist national committee, presided over by Senator Butler, this morning took the question of the time and place for the national convention. The proposition from the Texas delegation that May 9 be fixed upon for the date was amended to permit the committee to decide on both time and place. The amendment was opposed vigorously by the Texas delegation as "cowardly and truckling to the Democrats."

Senator Allen of Nebraska, spoke at length in favor of harmony and for naming a date by the whole committee. "Bryan will be the nominee of both the Democrats and Populists," said Senator Allen, "and the question of date makes little difference anyhow."

The amendment to refer to a committee was voted down and Wednesday, May 9, the same date as that of the middle-of-the-road convention at Cincinnati, was decided upon.

Kansas City, Sioux Falls, and Indianapolis presented claims for the convention and each was granted time to set forth their respective advantages.

Sioux Falls, S. D., was selected for the meeting place of the next Populist National convention.

SALOONS IN MANILA.

Frank Wells Tells What He Saw at That Place and Others.

New York, Feb. 20.—Captain Frank M. Wells, of the First Tennessee Infantry, United States volunteers, who recently returned from the Philippines, where he spent eight months, was at the Park Avenue hotel and talked about the bad effects of whisky on American soldiers in Manila.

"Before the Americans went there," said the captain, "there were only three places in Manila where liquor could be bought. Now there are over 400 places where liquor can be bought every hour. There are 10,000 soldiers in Manila and whisky has sent more of our soldiers to the grave than Filipino bullets. For that reason I am trying to abolish the canteen."

"At Iloilo I found that whisky was sold in the barracks not 15 feet from my quarters and I reported the matter to officers. I was told that it had been called to the attention of the colonel three times, and then I went to the provost marshal. In a short time the custom was discontinued. I never saw as much liquor on a Mississippi steamboat and I have traveled on a good many, as I saw on the transport Indiana on which I returned."

"I am not criticizing the administration, for I am administration man clear through, but I think if the extent of the liquor traffic in the Philippines could be realized it would be stopped."

KENTUCKY LEGISLATURE.

Democrats Get Help from Republicans in the House Session.

Frankfort, Feb. 20.—The Democratic senate met at 10:30 o'clock this morning with President Pro Tem Carter presiding. None of the Republicans were in their seats and Lieutenant Governor Marshall, who adjourned with the Republican senate, was not present.

The house adopted the Allen resolution passed by the senate ratifying the former proceedings by which Governor Goebel and Lieutenant Governor Beckham were declared in office. The Republicans refused to vote, hoping to break up a quorum, but seeing it had carried, went on record.

TREATED AS MURDERERS.

Filipino Guerrillas to Be Tried Before Military Commission.

Manila, Feb. 20.—The military commission meets at Clamba tomorrow to try a Filipino member of the guerrilla band, which attacked a squad of Americans on Feb. 2, killing a corporal. The charges are murder and assault with intent to kill. The case is important as foreshadowing the policy of treating the guerrillas as bandits. It is supposed one reason which has hitherto deterred the American authorities from adopting this policy was that insurgents have more than 50 American prisoners and may retaliate, although a few of them were captured while fighting.

Free of Boers.

Kimberley, Feb. 18.—By heliograph to Modder River, Feb. 19.—The country is all free around Kimberley. The Boers evacuated Dronfield, Salt Pan, Spyfontein and Scholtz Nek. One of their 12-pounders with ammunition was captured, as was also a larger at Dronfield which was abandoned Friday night. Rails are being laid to Modder river. Several herds of cattle have been captured.

Railroad Open to Kimberley.

London, Feb. 20.—The war office has issued a dispatch from Roberts, the main importance of which is the fact that it is dated at Paardeberg, 7:05 p.m. Monday. Paardeberg is 30 miles east of Jacobsdal. The dispatch announces the railroad to Kimberley open, and that Methuen will proceed there with reinforcements forthwith and that large supplies will be forwarded to the town.

Stock Law in Effect.

Weatherford, Tex., Feb. 20.—The general stock law is in effect in this county, and there has been many anxious inquiries as to whether or not it is in force and the penalties prescribed for violation of the law. There is considerable opposition and a test case will soon be made.
